- Optional replacement of leather coverings for the Front seats as per selection.
- All MBS seats are manufactured using premium and high quality orthopaedic foam.
- MBS uses the original Mercedes Benz seat adjustment control module for movement and seat ventilation functions.
- Smart control unit functions: 3 Level Back massage, 1 Level Base massage, Lumbar adjustment and Back width adjustment

REAR SEATS

12 POINT MASSAGE

The built-in massage system is embedded within the backrest and horizontal seat portion, offering the passenger a complete and comfortable experience.

CUSHIONED HEAD REST

The rear seat head rests are fitted with a cushion securely strapped to offer complete support and comfort.

SEAT ADJUSTMENT MODULE

This original Mercedes Benz adjustment module offers the user easy access to the seat movement and ventilation functions.

SEAT INCLINE ANGLE

The rear seats incline back to a steeper angle, more than the original Mercedes Benz seats. This is possible due to the ingenious design of the back panel behind the seat, allowing it to move further back.

CENTRAL CONSOLE

SMART CONTROL UNIT

All massage functions can be controlled through this unit, conveniently positioned for easy reach under the arm rest.

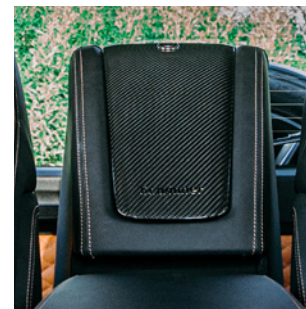

CUP HOLDERS

The lower portion of the central console houses two cup holders that can blend seamlessly with the panel.

AMBIENT LIGHTING

The console trim and seat adjustment module is lit with an ambient light consisting of a wide choice of multiple colours.

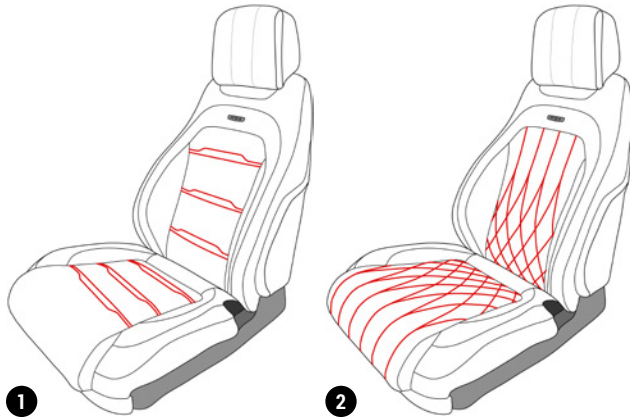

STORAGE COMPARTMENT

The top portion of the central console houses a storage space that is concealed behind a panel and accessible by a button on top.

STITCHING STYLES

1 ORIGINAL

2 DIAMOND

COLOUR COMBINATIONS

1 SINGLE TONE

2 DOUBLE TONE

3 MULTIPLE TONE

NIGHT TIME FEATURE (OPTIONAL)

This feature offers a mesmerising experience, where passengers can gaze up and unwind under the twinkling of celestial bodies. It is achieved using delicate fibre optic strands and perforations carefully crafted in the ceiling, offering an experience of travelling under the night time glow of stars.
