- All front seats retain the original structure as provided by the manufacturer.
- All MBS seats are manufactured using premium and high quality orthopaedic foam.
- Smart control unit functions: 3 Level Back massage, 1 Level Base massage, Lumbar adjustment, Back width adjustment and Upper Back adjustment (Rear seat only).

# FRONT SEATS

## SMART CONTROL UNIT

All massage functions can be controlled through this unit, conveniently positioned beside the seat. The buttons are uniformly backlit for good visibility.

## POPLITEAL SUPPORT

This support is adjustable and provides enhanced leg comfort while driving with an increased width for popliteal support.

## ELECTRONIC ADJUSTMENTS

All seat movement functions are controlled electronically with easily accessible knobs on the bottom side of the seat.

## ERGONOMIC HEADREST

These ergonomic headrests offer both the driver and passenger a very comfortable driving experience.

# REAR AUTOBIOGRAPHY SEATS

## SMART CONTROL UNIT

All massage functions can be controlled through this unit, positioned under the central armrest. The buttons are uniformly backlit for good visibility.

## LEG SUPPORT

The rear seat offers enhanced leg support that is easily adjustable for a relaxing and comfortable journey.

## ELECTRONIC ADJUSTMENTS

All seat movement functions are controlled electronically with easily accessible knobs on the bottom side of the seat.

## CUSHIONED HEADREST

The rear seat headrests are fitted with a cushion securely strapped on the head rest to provide a comfortable experience for passengers.

# CENTRAL CONSOLE

## WIRELESS CHARGING

The central console has a provision for powering two mobile devices simultaneously through this wireless charger.

## STORAGE COMPARTMENT

This storage unit is located under the central arm rest and can be easily accessed with a conveniently positioned button.

## CUP-HOLDER

These two cup-holders are positioned on the lower portion of the central console unit, with a temperature control feature accessible by the touch of a button.

## LEG SPACE CONTROL

This button controls the movement of the front passenger seat to offer more leg room to the occupant seated behind. It is located on the side of the passenger seat, above the central console unit.

## STITCHING STYLES

  - 2 DIAMOND
  - 3 DIAMOND WITH BUTTONS
  - 4 EXECUTIVE LOUNGE
- 

## COLOUR COMBINATIONS

---

- 1 SINGLE TONE
  - 2 DOUBLE TONE
  - 3 MULTIPLE TONE
- 

## NIGHT TIME FEATURE (OPTIONAL)

This feature offers a mesmerising experience, where passengers can gaze up and unwind under the twinkling of celestial bodies. It is achieved using delicate fibre optic strands and perforations carefully crafted in the ceiling, offering an experience of travelling under the night time glow of stars.
